

## CAR CARE

Q2M Bathe+ will surprise any user on its self-cleaning ability, helping repel water, dirt, grime and other contaminants making wash maintenance easier and quicker whilst leaving a layer of protection between washes. Use Gyeon Q2M Bathe+ in conjunction with your Gyeon Wash Mitt and Two-Bucket Method for best results and to avoid any chances of marring your paint during the wash process & drying off with a Gyeon Microfibre towel.

## ULTIMATE INTERIOR PROTECTION

Looking for the best protection for your cars interior?

Gyeon Q2 Fabric Coat for seats & carpets, Gyeon Q2 Leather Shield & Gyeon Q2M Preserve for dash, trim & console, will create a strong invisible coating, which not only protects against dirt and liquids, but also against harmful UV rays which can fade them during extended exposure to sunlight.

## GYEON TRIM

Gyeon Quartz Q2 Trim Coating is a highly advanced quartz coating specifically made to revive and protect exterior trim and plastics on your car. Exterior plastics can fade quickly in Australia with the high levels of harmful UV radiation, and be discoloured (even 'bleached') by powerful chemicals used by some car washes and acid rain.

## GYEON RIM

Gyeon Quartz Q2 Rim Protection Kit is a highly advanced quartz coating that has been specially designed and formulated to withstand extreme high temperatures (up to 350°C) and strong wheel cleaning chemicals, thus making it ideal to protect your wheels, brake calipers and even exhaust tips.

## GYEON VIEW

Gyeon Q2 View is a highly advanced quartz-based, rain repellent coating for your exterior glass, it is super-hydrophobic making water shoot off your windscreen or windows as you drive along.
